The Country CutUps are putting on two round dances in April. We own our own building so we don't have grange hall rules. We are complying with Clackamas County rules with regards to social distancing by only allowing twelve couples and the cuer in the hall for a total of twenty-five people. Masks or face shield required. It will be couples only and you can only dance with the partner that you came with and keep six feet distance from other couples. By reservation only and first come first served. To make a reservation and for more information, text Young Lumsden, 503-791-7779.
