Modern Square Dance is lively, social, and fun to learn! It's not just about dancing—it's about making friends and having a great time! Unlike traditional or barn-style square dancing, it's a global activity with standardized calls. Once you learn Mainstream level, you can dance anywhere in the world.

No rhythm? No problem! Modern Square Dance is set to a variety of recorded music—everything from pop to rock, country to jazz—so there's something for everyone!

Roger Puttler is a Square Dance Caller in the Oregon Willamette Valley. He lives in Albany and calls for the Buccaneers in Springfield, as well as guest calling throughout Oregon. Roger has called in 14 states and Australia. Roger had been dancing and calling since 1959, and recently was awarded a 50 Year Calling Certificate from Callerlab. He calls from Beginners thru Plus and is a Caller Coach.
